Dear Mr. Weisberg,

First of all I want to thank you very much for taking the time out of your schedule to write to "a little boy." It shows that respected people will still take the time to acknowledge someone they do not know. I did not realize the seriousness of your condition. I hope your health is fine. My grandmother is ill but she just tries to take it one day at a time and enjoy life.

I will be sending a money order for your books very shortly. I am very excited to finally to be able to read them. It seems to me that you may have a point regarding Jim Garrison. I certainly will be more cautious when dealing with his part of the JFK case.

I am also sorry that my letter sounded as if it requested a lengthy response; your response was perfect - thank you sir. And, I hate to ask you any more questions but I promise this will be the last time I may trouble you. If you were 18 and knew what you did about the JFK case, what leads today would you follow and how would you bring them out to the American people ie Grand Jury, The Press (probably not) or Congress (maybe)? I only ask this for the next generation such as myself who look to one day make the same contribution for the next generation such as you and others have done. Believe me, you don't have to write anything long if you can write me.

Again, thank you very much Mr. Weisberg. Your letter meant a lot to me and I will always keep it. I will be sending a money order for the books soon. Take care - God Bless You

Best Wishes,

Lawrence A. Provost, Jr.
